

## THE BLACKSOD ISLAND ADVENTURE EXPERIENCE.

This is the ultimate day adventure. Climb aboard our rib at Blacksod Pier and get ready to race across to Inis Gé south via the beautiful Duvillaun Islands and cast a line for lunch.

Land at Inis Gé South and hike to the tower where you will be greeted with some of the most spectacular unspoilt scenery along the rugged West Coast of Ireland.

BBQ your catch on the beach, before kayaking to the North Island for some more exploration of yet another beautiful deserted Island steeped in history and heritage, whose only inhabitants are the hardiest of creatures, mainly birds, hares, rabbits, sheep and seals.

Take to the crystal clear water and enjoy swimming and snorkelling before kayaking back to the South Island to dry off and navigate back to the main land.

*This is a full day tour, not for the faint of heart!!*
